

MILLENNIUM
RENTALS & LEASING

**MAXIMIZE YOUR
RESOURCES**

“ With 20 more miles of fiber to install, our fiber blower did not have the power required to meet the production we needed in winter conditions. Millennium Rentals quickly provided us with a like-new rental unit and delivered it to our site. Above and beyond the blower, they even shared some blower-specific tips and tricks to help us get more distance out of each shot. ”
— Mitchell from Wisconsin
