# TAKE THE WORK OUT OF NETWORK

Millennium Geospatial uses data gathered by industry experts and innovative technology to design, supplement, and manage your broadband network to reach its full potential.

**FEASIBILITY STUDY**

**GEOSPATIAL ENGINEERING**

**CONSTRUCTION EFFICIENCY**

**DATA INTEGRATION**

**GIS TRAINING**

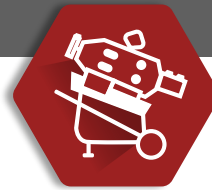

# LIGHT UP THE FUTURE OF BROADBAND

The Millennium Infrastructure Fund can help you secure the funding to build a state-of-the-art fiber optic network that delivers a superior online experience to your subscribers.

- Navigate complex federal broadband funding programs with services in application writing & submission, compliance documentation, and milestone reporting & supplemental support.
- A secure, 3-5 year interest-only bridge loan to quickly and efficiently build before your competitors.

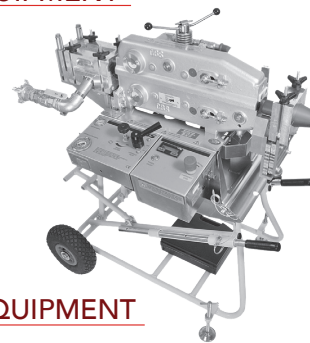

# RENT. LEASE. OWN.

Choose from a fleet of over 200+ pieces of equipment for rent or lease. Recover from unexpected breakdowns before they become setbacks. Get equipped to take on new opportunities. Gain anytime access to equipment from the most reliable brands on the market.

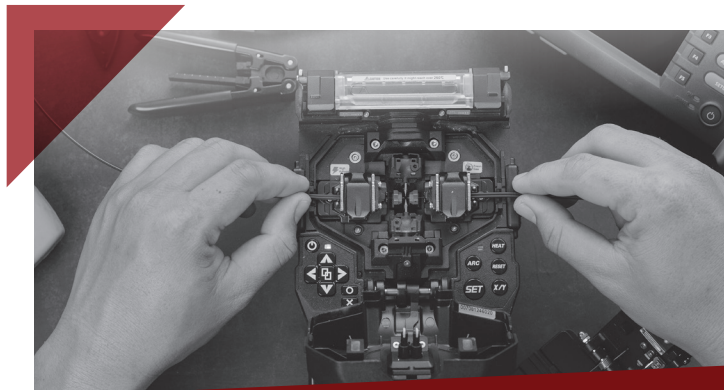

## POPULAR EQUIPMENT

- OTDRs
- OLTS Testers
- Fiber Blowers
- Reel Trailers
- Fusion Splicers
- Lashers

## SPECIALTY EQUIPMENT

- WDM Testers
- Ethernet Testers
- Super G Lashers
